

Charta

Charta, powered by Reckiapp

Every client term and rate card – and every placement that breaks them.

Charta keeps every client agreement, fee, rebate scale and rate card in one place inside Bullhorn. It checks live placements against those terms and flags any placed off them, before the shortfall reaches an invoice.

The screenshot shows the Charta web application interface. At the top, there's a navigation bar with the Reckiapp logo, a search bar, and various menu items like Home, Candidates, Contacts, Accounts, Jobs, Placements, Charta, and More. The Charta section is highlighted. Below the navigation bar, there's a header for Charta with a sub-header 'Client terms and rate cards, powered by Reckiapp'. There are two buttons: 'Re-check placements' and 'New agreement'. Below this, there are three tabs: 'Agreements', 'Rate cards', and 'Off-terms placements'. The 'Agreements' tab is active, showing a summary of 4 agreements in force, 2 agreements expiring within 60 days, 4 placements off terms, and a fee or margin at risk of £6,062. Below the summary, there's a section for 'Client agreements' with a table showing details for 'Meridian Insurance', including its status as 'In force', preferred supplier status, expiry date, and various fee and payment terms.

What it does

Counters

Agreements in force, agreements expiring within 60 days or already expired, placements off terms, and the fee or margin at risk.

Agreements list

Each client's agreement type (standard terms, preferred supplier list or master services agreement), expiry date and status: in force, expiring or expired.

Agreement detail
