

CV Spec'r

CV Spec'r, powered by Reckiapp

Spec four candidates to ten hiring managers – in one send.

A Salesforce-native email tool that puts candidates in front of hiring managers - and reaches candidates in bulk - from the screens your consultants already use. Every send is controlled, compliant and logged automatically.

The screenshot shows the CV Spec'r interface within a Salesforce environment. The top navigation bar includes 'Reckiapp', 'Home', 'Candidates', 'Contacts', 'Accounts', 'Jobs', 'Placements', 'CV Spec'r', and 'More'. The 'CV Spec'r' section is active, showing 'All contacts' with 19 total, 12 hiring managers, and 7 candidates. A table lists contacts with columns for Name, Record type, Title, Account / Location, Email used, Opt-in status, and Emails this period. The table contains three entries: Tom Hargreaves (Client, Head of Data, Northwind Analytics, Opted in, 1 of 4), Leah Brennan (Client, Engineering Manager, Halden Bank, Opted in, 2 of 4), and Marcus Feld (Client, CTO, Corvia Health, No opt-in, 0 of 4). Buttons for 'CV Spec Managers' and 'Send Candidate Email' are visible.

What it does

One email, many specs

Spec four candidates to ten managers in one send - each manager gets their own personalised email.

Pick candidates and CVs

Title, location, notice and rate on every candidate, and you choose per candidate whether to attach the CV.

Consent built in

Nobody is emailed without a recorded opt-in, with its source, date and evidence on the record.

Mailing limits

Org, profile and user limits on recipients, daily sends, batch sizes and email folders.

Pre-flight checks

Opt-in, missing emails, limits, merge fields and attachments checked before every send.

Logged on both sides

Every spec is logged against every manager and every candidate.

Pricing - one flat monthly fee, no per-user charges

Team
