

HotList Studio

HotList Studio, powered by Reckiapp

Turn a report into a morning of calls – in one click.

Turn any report into a call list, then email everyone on it from a single composer.

The screenshot displays the HotList Studio interface. At the top, there's a navigation bar with 'Reckiapp' and various menu items. Below this, a header section shows the current call list: 'Q4 Midlands Re-engagement'. It includes statistics: 12 members, 8 called, 50% connect rate, and 3 interested. A progress bar indicates 'List progress' at '8 of 12'. Action buttons like 'New list', 'Export', and 'Start calling' are present. The main area is divided into two panels. The left panel, titled 'Members (12)', lists members with their roles and locations, and a 'Filters' button. The right panel shows the details for a selected member, 'Sarah Mitchell', a Registered Nurse (Band 5) from Birmingham. It includes contact information, a '92% MATCH' badge, and buttons for 'Call', 'Email', and 'SMS'. Below this, there's a section for 'CV_Sarah_Mitchell.pdf' with a 'Download' button and a 'Send CV' button.

What it does

Report to list

A global action pulls contacts from any report into a call list.

Email composer

Write once and send to the list from Salesforce.

Admin email setup

Sending routes are configured by your admin, hidden from users.

Pricing – one flat monthly fee, no per-user charges

Team

Up to 25 users

£200/mo

Business

Up to 60 users

£450/mo

Enterprise

Unlimited users

£750/mo
from

One-off implementation from **£1,500** - live in **2-4 weeks**. Annual billing shown, excluding VAT. Salesforce and Bullhorn licences not included.
