

Orchestrate

Orchestrate, powered by Reckiapp

Fill tomorrow's shifts before 7am. Without the phone scramble.

The scheduling board education and staffing agencies wish Salesforce came with - demand, availability and bookings for the whole week in one drag-and-drop view.

What it does

Drag-and-drop booking

Drop a worker onto open demand or an assigned slot - single shifts and multi-day patterns.

Real road-distance matching

Workers ranked 0-100 on familiarity, proximity, competency, rating and recency.

Compliance gate

Blocked workers are flagged before anyone is booked.

Live notifications

The whole desk sees the moment demand is filled.

Candidate slide-out

Shifts, timesheets, tickets, commute and activity without leaving the board.

Configured without code

Menus, colours, matching weights and kill switches in Orchestrate Management.
