

Slotra

Slotra, powered by Reckiapp

Book interviews from one link, built on real availability.

Slotra replaces the email back-and-forth of arranging interviews. The consultant picks times that work for the hiring manager, sends the candidate one booking link, and the confirmed interview is written back to Bullhorn with invites sent to everyone.

The screenshot shows the Slotra interface within the Reckiapp dashboard. The dashboard includes a search bar and navigation tabs for Home, Candidates, Contacts, Accounts, Jobs, Placements, Slotra, and More. The Slotra section is titled 'Interview scheduler, powered by Reckiapp' and shows 'Outlook and Google diaries connected' with a 'Disconnect diaries' button. Under 'Interviews to arrange', three interviews are listed: James Whitfield (Needs times), Nadia Hussain (Needs times), and Liam O'Connor (Link sent). The main view shows a calendar for James Whitfield's first interview for Commercial Finance Manager at Meridian Insurance, with Gareth Lowe. The calendar displays slots for Monday 12th, Tuesday 13th, Wednesday 14th, Thursday 15th, and Friday 16th. Slots are marked as 'Busy' or 'Free'. The interface also shows options for Format (Video, On-site, Phone) and Length (30 min, 45 min, 60 min).
